Circular

Sub: Creation of Video Lectures - reg.

To address the present pandemic created by covid-19, Anna University faculty members are virtually engaging the students through email/Whatsapp and hosting the lectures in Google classroom and other video conferencing facilities and creating e-content for their discipline using open source software tools.

In this regard, the Centre for Faculty Development provides its facilities (Camera, Audio Mixer, Video Mixer, Editing Machine, Collar mic and WACOM Pad) to support the faculty members to create online teaching resources. The faculty members are requested to use this opportunity to create online content for the subject that is to be offered for our students in blended learning format for the upcoming semester.

Point of Contact: CFD office: 8217/8219
